

## Our Guides and Sled Dogs

Mushers hired are accomplished and experienced with sled dogs. Many have achieved prestigious recognition including Vet's Choice, Sportsmanship, and Humanitarian Awards during winter sled dog racing events.

Sled dog kennels are all vetted through our extensive contacts.

Each sled dog receives a vet exam certifying they are healthy, in good physical condition, current on vaccinations and care schedules.

Sled dogs are screened to ensure they are well socialized.

"Gold Rush Dog Tours continues to be forward thinking and proactive when it comes to caring for sled dogs.

Gold Rush always puts the sled dog first, something I have personally witnessed for over a decade." ~Matthew Failor, Iditarod Musher

"I wish all of my small animal patients could be so lucky to enjoy an existence as loving and fun as that of their husky counterparts at Gold Rush Dog Tours"

- Dr. Alyssa Komac, DVM

## DOGS FIRST!
